

According to the Chinese, Bowel Toxemia is the #1 cause of disease.

Symptoms of a bowel problem:

- Constipation
- Diarrhea or both
- Pencil like bowel movements
- Puffed or bloated
- Gastric = burping or farting
- Heartburn
- Headaches
- Dizziness
- Sinus
- Allergies
- Pinches or pains in the chest
- Ringings in the ears
- Specs or floaters in the eyes or blacking out
- Lower back pain

Stricture

Prolapsus with pressure on lower organs

Diverticula

Colitis

- Tumor
- Cysts
- Fybroids
- Lumps
- Infection
- Cancer

According to the Chinese, every pocket of the bowel
Corresponds with a different organ, gland or part of the body.

Is your body being
fed toxins from a
build up of fecal
matter or fed
nutrition?

They say it takes 7
times less herb to
maintain a healthy
bowel then it does to
cleanse.

1. Cleanse
2. Heal
3. Maintain

Alternative Health

漢方

Iridology & Sho Tai Analysis

There are many alternative methods of
treatment to choose from but, ask
yourself, "what will work for me?"
